DEDICATION

MR. BOB DELL

Northern Collegiate with great pride dedicates the '85-86 yearbook to Mr. Bob Dell. Mr. Dell, a native of Windsor, graduated from Queen's University in 1958 with a B. Sc. in Chemical Engineering. Following two years in industry, he began his teaching career in the Northern Science-Dept. in 1960. Mr. Dell then moved to Central as Science Dept. head in 1965 and remained there for 13 years. During a sabbatical year, 69-70, he received a Master's degree in education from Brown University. After spending two years as Staff Development co-ordinator for the Lambton County Board of Education, he returned to Central as Vice-principal in 1980. When Central closed, he returned to Northern, first as Science Dept. head, then as Vice-principal.

Mr. Dell's extracurricular involvement with students has included the Astronomy Club, Physics Olympics, boys' curling and girls' X-country and track. In 1977, Mr. Dell was the recipient of an anniversary medal from Her Majesty Queen Elizabeth for his contribution to the community and to education. Congratulations, Mr. Dell, on all your accomplishments! We are all looking forward to seeing you in the halls at Northern for many years to come.

PRINCIPAL'S MESSAGE

MR. TED GAWINSKI

The present issue of the Viking should be dedicated to the staff and students who comprise the editorial team of this fine book. The trials and tribulations of this devoted group are too numerous to list in this short message and I commend them on an excellent issue.

The yearbook team is but one of many examples at Northern which demonstrates the fine spirit of cooperation in student activities. Your student council has assumed fiscal and constitutional responsibility for self-governing student affairs. The many clubs and organizations within this organization have contributed a great deal to the life and spirit at Northern and will pay great dividends to the many students who have participated.

We congratulate the Viking staff for an excellent yearbook of memories from Northern 85-86.

DANIELLE LICHONG

Academically, Danielle has achieved gold key every year. She obtained the highest standing in grade 10, second highest in grade 9, and third in grades 11 and 12. She also received the highest Francais mark each year along with top marks in geographie, histoire and sociologie. Not only is she an outstanding french student; she also received the Herb Tait award for the highest mark in grade 13 English, due to her ability to interpret fish poems. Danielle has contributed immensely to school activities as well. She performed in the band since grade 9, and was elected this year's Senior Band vice-president. She was a member of the yearbook committee last year, and is this year's copy editor. She is also involved with Xmas Dinner, Evening of Entertainment and initiating a new club for "les francophone". She is also the secretary of Student's Council. With all these achievements, it is no wonder that Danielle was last year's recipient of the Staff Trophy.

Danielle will be studying at the Science Center for the second semester. Northern will certainly miss one of its brightest, friendliest and most talented students.

NICOLA LEMMER

Scholastically, Nicola maintained a gold key average during her four years here at Northern. As well, she was ranked fifth overall in grade 12 standings. Nicola was also a member of the volleyball team in grades 10 and 11. She also shared her musical abilities with the Int. Band and moved up to the Senior Band in grade 12 and 13 where she now holds an executive position as vice-president. In grade 11, she participated in an exchange program "pour ameliorer son francais". That year, she also won a U.N. speaking contest. Presently, Nicola works on the Xmas Dinner committee and on the yearbook staff. She was also chosen as a Rotary exchange student for '86-87. This program will allow her the opportunity to study abroad for 1 year before pursuing a diplomatic career at university. Well known for her "That's sexist!" complaints and "Reid-ing" abilities, Nicola is popular with both staff and students, indeed the "most personable" student of '86.

DAVE ALLAN

Dave has been involved with many activities both in and out of school. As an excellent student, he achieved gold key every year. As a runner, he was a member of the X-country team from grades 9 to 13, making it to OFSSA. He was also a member of the track team making it to the OFSSA regionals in the 2000 m. steeplechase. These athletic abilities made him a recipient of a junior N. Musically, he has been a member of the Northern Band since grade 9, and a member of the brass quintet and choir in grades 12 and 13.

Outside of school, Dave is a volunteer swimming instructor at the YMCA, and a lifeguard at Canatara Park. He also has been an organizer of the Mount Ste-Anne ski trip for the past three years.

Dave was chosen to attend the Ontario Science Center in Toronto for the second semester. His future plans are to attend University and become an engineer.

NOTABLES

SHERI KENNEDY

Sheri is one of the top students at Northern as well as one of the busiest. She achieved gold key status from grades 9 to 12, obtained the highest french standing in grades 9 to 11 and consistently placed among the four highest standings overall. In grade twelve, she achieved the second highest standing.

As for school activities, Sheri was a member of the basketball team from grades 9 to 12. In grade 11, she was nominated the most dedicated junior player for her efforts. Through her curling, Sheri has popularized the sport that actually holds bonspiels on ice! She also led her team to a second place victory in the Provincial Girls Curling League. As well, Sheri was elected treasurer of GAA in grade 12 and is presently a valued member of the Christmas Dinner Committee and the Yearbook Staff. On graduation, Sheri plans to study math or business where she will undoubtedly have continued success with her ready smile, catching enthusiasm and hard-working personality.

JIM MITCHELL

Jim has excelled in the athletic program at Northern. He has been a dominant force on the football team since grade 9, and was captain in grades 10, 12, and 13. He is outstanding in track and field, being the overall champ at WOSSA in grade 11 and reaching OFSSA in grades 9, 10, and 11. He finished eight in Canada in the 400 m. in 1985. He also played basketball in grade 10; rugby in grades 12 and 13, again captain of the team, and he was the grade 11 athlete of the year. He is also a prominent member of the BAA, as secretary in grade 12 and president in grade 13.

When Jim is not busy with sports, he spends his time helping others. He participates in the can drives at Christmas and has helped with the disabled games. Jim also achieved honours in grades 11 and 12. He is aiming for a Human Kinetics degree and will undoubtedly be successful in his career.

MARK FLEET

Mark has a recognizable face around Northern. He has shown his outstanding athletic abilities as a member of the football team since grade 9 and on the rugby team since grade 11. He participated in track in grade 9, 10 and 11. He also has been active in the B.A.A. throughout high school and he is this year's secretary. His athletic achievements earned Mark his junior athletic letter.

When Mark is not playing on a school team, he is busy playing for the Sarnia Saints Rugby Club or the Bluewater Soccer Club. He achieved honours in grades 10, 11 and 12 and he plans to study History or Physical Education at university.

BEST GRADE 9 HOMEROOM

GRADE 10 LEGISLATURE TRIP

EVENING OF ENTERTAINMENT

In November of 1985 the hidden "talents" of Northern came out under the spotlight and shone like the stars, providing well packed audiences with an entaining evening not soon to be forgotten.

CAN DRIVE

GRADE 13 CHRISTMAS DINNER

The Christmas season was, once again celebrated by our Grade Thirteen Students, in their usual festive manner. The dinner was a delicious success, with special thanks going to Darlene Fournie for her tremendous organizing job in keeping the chaos down to the minimum.

CHRISTMAS ASSEMBLY

For the first time in many years the teachers of Northern got together to entertain the students. There was the teacher's version of the Vienna Bay Choir and, their rousing rendition of the Twelve Days of Christmas brought the nest, er, the house down. "Bennie" Vair came out of the retirement and once again conducted the talented Stage Band. This assembly was definitely a highlight of the year.

PIZZA AID

In December, homeroom 10L did their part in helping the Salvation Army's Christmas fund by holding a Pizza Sale. This was a great success, as well as being alot of fun for everyone, and hopefully it becomes a tradition at Northern.

FAST MAC RACES

The halls of Northern took on an atmosphere of excitement this year as homeroom after homeroom feebly attempted to conquor the 13A champions in a game of speed and skill -- Fast Mac Races. Challanger after challanger was left hopelessly dumbfounded (splattered against the rows of lockers lining the halls) as the undefeatable 13A lead by Mr. Walker soared high to victory.

The Resolution

I'll scream at you
in my quiet way
and laugh at things
you don't understand.
I'll cry to you
when you've gone away
so I can be strong
when you're close at hand.

I'll sit and think
when I'm alone
the words will fail:
I cannot express
these thoughts -- in my mirror
my heart turns stone
with inexplicable, ironic
happiness.

I live each minute
a life that shattered
on that autumn night
mere hours ago.
Piece by piece
the parts that matter
are picked from my corpse
collapsed in the snow.

To stay alive
I amputated
the part of me
that wished to die.
Now laughing
at the things I hated
I indifferently watch
with frigid eyes
the one I love,
who sees me also
through icy, laughing
indifferent eyes.

Garrison Shimoda

I meet your light from across the waves, and welcome you to my sea; engulf your boat and sail the winds, just you, your light, with me.

I welcome you with all my strength, our current pulls you close, you guide your mast into my sea, into my waves you coast.

And through and through our pleasure trip, your boat inside my sea, together we will sail away, just you, your light, and me.

C.J.H.

The cold wet rain falls slowly down to earth.
Reflections of you are all I can see
Without you this life of mine has no worth.
I'm empty, I have no reason to be
To my heart you will always hold the key
The cold wet rain reflects how cold I feel.
Please leave me and my heart alone to heal.

I feel as though people see through me,
Knowing of my past and of me.
I feel used and abused,
Trusting yet being mislead.
I give all of me,
and yet nothing back.
I feel so empty inside,
As though a part of me is missing.
I trust no one anymore,
Knowing what can happen if I do.
I've learned the hard way,
and my memory will never fade.

Jenny Cook

Daddy and I walked today
through a lonely little park
all covered with fresh-fallen snow.

I needed my hand in his today
when we visited Mommy in that park
She looked the same as always --
A cold stone slab with her name and dates

My father knelt in the snow today
Brushed the snow off the marker and talked
as if the stone could hear him
as if my mother could answer him.

I saw my Daddy cry today.
I was there but he was still lonely.
Daddy is a lot like me
A scared little boy who misses his Mommy

In a tree by Mommy's grave today
A little bird sang, his song spreading a
message of hope for life and the living
I held Daddy's hand.

He needed his hand in mine today
Like I need his love to live every day
My father's son is a lucky boy,
He is my father's son.

My love has left me

On or about twelve . . .

The delight of Pavlov!
Those hungry rampaging
mobs that rage, surge, fight
spurred by primitive ambition
at the sound of a bell.

A parody on lemmings.
Human bodies flood out
(as corpuscles in the concrete veins
of this slumbering monster)
willingly seeking their doom
drowning themselves in a sea of routine.

In My Dreams

In my dreams are sandy beaches;
A place to run for you and me.
The sands are littered with tiny shells
Bringing smiles for those who see.

In my dreams are crystal waters;
Inviting us into the dancing spray.
The ripples still into a glassy surface,
And the water calms at the end of day.

In my dreams are exotic sunsets;
Performed by nature for you and me.
Scarlet reds and tinges of orange,
An artist's palette creating free.

In my dreams are star-filled nights;
A place to dream our fears away.
So calm and quiet is the wind
That carries us far from this day.

Little Brown Mouse

Little brown mouse, come out of your house
A house which is merely a jar
Released by a man called a scientist.
Quick: run away, run away far.
The boys, they chased you round and round
Giggling and laughing with glee.
With one cruel stomp I surely saw
That you could never be free.
A trickle of blood came out of your mouth
A kick and then you were still.
Looking down at you in my hands
I wondered how people can kill
Cradled in my safe warm hand,
I found a spot for a grave
I placed a flower on the land
My held in tears gave way.
Little brown mouse back in a house,
A house which is merely a grave.

Elizabethan Sonnet - Time of Love

He entered the world with an eager new face,
With his arrival he brought a bright hope,
A new generation might just save our race,
The hopeful wishes of a worrying pope.
Through the booze and the broads and lessons of life,
The thoughts and opinions THEY thought he should think,
Were shaping and forming, a Victim of life,
The moral captivity turned to drink,
As the wrinkles and creases blemished his face,
Eagerness lost, our "saviour" long gone,
How could the world let this hero waste?
The hope had faded, perhaps we were wrong,
He died with the others on that fateful day,
But with a resent more cold, and hair more gray.

As in the past, Northern's X-country team consisted of a hard-working group of dedicated athletes. Overall, the team's biggest thrill was the success at the South Central Invitational. Injuries to key people (Paula Minson, Tracey Fawdry, Janice Palmer) and illnesses (Peter Brooks) weakened the team in terms of provincial competition, but the girls' team, led by Lisa Broad, placed first at LSSAA and second at WOSSA. Special recognition goes to the senior boys' team of Peter Brooks, Mike Davies, Steve Forrest, Paul Rose and Tim Storey who were outstanding in all their accomplishments. The boys' team placed first at LSSAA, first at WOSSA and represented WOSSA at the OFSSA championships. The boys were undoubtedly the leading performers on the team this year and deserve special credit for their success. Most improved runners were Ben McCrabb and Annemarie Martin.

This year's senior boys soccer season was quite an event. Coached by Mrs. Leona Holland, the team boasted many outstanding players. Gary Laidlaw (captain) was this year's most valuable player, with Marcel Devries contributing a steady influence on the team's success. Paul Ritchie also displayed outstanding soccer again this year. Barry Norton's hard work paid off as his performance improved remarkably over the course of the season. John Richardson also played steadily until an unfortunate injury prevented him from playing in final games. An imported talent, Carsten Lau, of Germany, did play in the final game and made his presence known, scoring the winning goal for the LSSAA Championship. Increased support was appreciated!

Northern's Camera Club had another good year in 1985/1986. The Club is indebted to Mr. Arvai for his help during this year which saw Mr. Coulthart on a year of leave. Our organization assisted a number of other organizations with their special projects (ex. the HALL OF VICTORS established by the BAA). Our own special project, The Ontario High School Photographic Competition went national with advertising assisted by the Magazine "Photo Life" making mention of the project in its December issue. We bid a fond farewell to Mark Bariciak who left for the Science Centre. Thanks to all who helped make this year such a success.

The BAA has once again had a productive year. With a productive year, with events such as the second annual toga dance, the car rally, and the infamous racquetball tournament. We gave the school a new trophy case and also gave money to the community. With alot of young members the BAA should remain strong for years to come.

The Northern GAA has been a great success again this year, and we've had great support from the junior grades. The annual spaagetti dinner was fun for everyone. Fundraising activities included: selling ribbons, cheese, halloween candy, and sweat shirts as well as holding a bridge and card party. For the first time this year we held a GAA Christmas activity month where we helped with the can drive, went tobogganing, and Christmas caroling with the BAA. Thanks for all the support, and hope to see you all for another successful year.

CHRISTIAN FELLOWSHIP

(L TO R): Karen White, Sharon Debruin, Jerry Sweet, Mark Vaness, Sharon Lafontaine

We would like to congratulate Marc Vanes, Jerry Sweet and Sharon Debruim and numerous others who have contributed greatly to the ministry.

The Chess Club meets every Tuesday and Thursday at noon hour. The four current best players (boards), represent Northern in competitions against other Lambton high schools. To become one of these "boards", a member must challenge and defeat one of these four players. Everyone is there twice a week to practice and have fun. This year's chess club has high hopes to bring the Saunders Trophy to Northern for the first time ever. Look out here we come!

COMPUTER CLUB

Several of our students compete in international computer contests. In the American Computer Science League, competition is against high schools right across North America. In another contest organized in Port Huron, the competition is other Michigan high schools. Traditionally, Northern has done quite well in these competitions and is likely to repeat its success this year.

School Reach is the program developed to replace Reach For The Top. School Reach involves more local decision-making, more playing time but does not involve TV air time. Northern has two teams playing this year. Players practice four times a week during most of the school year and they also participate in the channel six All Star Quiz.

DRAMA CLUB

This year has been a large success for the Northern Drama Club, otherwise known as Talent Limited. An excellent turnout by freshmen has brought an exceptional amount of new talent into the club's rands. During the fall, the club put on the Evening of Entertainment known as NBS -- a spoof of life in the world of television. During the late winter, Talent Limited went to the Sears District Drama Festival with their version of A Merry Regiment of Women. Successful in achieving ten out of fourteen awards including Best Play, they advanced to the semi-finals in Hamilton. Hopefully, this is just a start to more successful plays and competitions.

STRIVING TO BUILD THE LEADERS OF TOMORROW

"We are all blind until we see
That in the human plan,
Nothing is worth the making
If it does not make the man.
Why build these cities glorious
If man unbuilded goes?
In Vain we build the world unless
The builder also grows," . . .

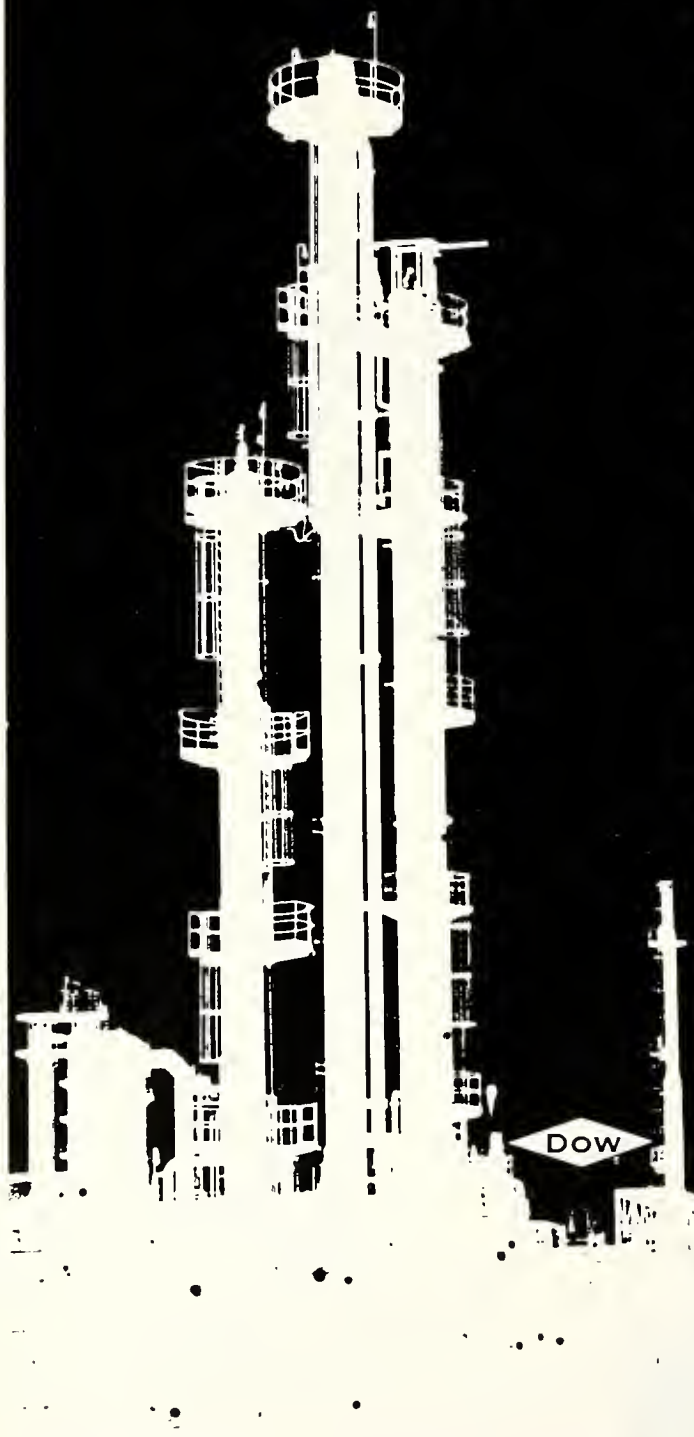
BEST WISHES, GRADUATES!



Dow Chemical Canada Inc. extends best wishes to this year's graduating students. You face one of the most important decisions in your life: whether to seek a job now or continue your education. Whatever your decision , we wish you every success.

One of the key reasons for our success and impressive growth in Sarnia has been the excellent calibre of Lambton County seconday school graduates who have joined Dow Chemical. Some started work directly from high school while others enrolled in university or college and returned to Sarnia upon graduation. Their contribution has made Dow's Sarnia Division the most diversified petrochemical plant site, employing more than 1250 men and women.

For your information, here is our minimum education requirement. The Tree

I lived here on an island, see.
  Ne'er a thing to do all day
Except to listen to the sea.

I'd lean my back against a tree;
  Wonder if I'd find a way
To get to where I'd like to be,

And always with myself agree;
  I was condemned for here to stay
To never greet someone in glee

Sometimes I'd look out to the sea
  And want to sail far, far away,
To find a place for my heart to be.

I'd lean my back against the tree
  And bend my head to thind and pray
That God would come and set me free.

Suddenly, I rose in glee
  To see a ship sail in the bay;
Then board and ride away on the sea,
And when I turned I saw the tree . . .

The tree, it is something that we all take for granted. Not only trees, but our water and our wildlife also. It is up to us, the young of the world, to see that what **We Have** *today is the same, if not better, for tomorrow.*

Thank You

Rachel,

I'm worth a new page. All white + new waiting for my intelligence and wit to create art. Ha, that was art, that is it, I'm now dried out and have writer's block. Well, this summer should prove to be interesting, you + me and Jacob in a house with sheets over all the furniture. If you get a membership at Olympus (I heard that so I hope I'm not making an ass of myself) don't eat gingersnaps first. We will discuss this with our roomie. You + I will learn to windsurf + shock everyone with our ~~school~~ skill.

Love,

Alison.

My dear, dear Rachel!!

I know you've heard this quite a few times, but! I am so glad that you and I got to know each other so well.

You really are a super-sweet person.

I'm sure we're all gonna have a really cool summer.

Give me a call if you need some caffeine. (Ha! Ha!)

Keep out of the way of birds who look like they need to relieve themselves.

Anyhow, get a groovin tan. And let's both have a party summer.

Love

Brad
